MARY JOYCE ABLANQUE

AI Automation Specialist | Finance & E-Commerce Systems

Antipolo, Philippines | +63 945 605 0645 | mjablanque97@gmail.com | portfolio.workflowlab.site

PROFESSIONAL SUMMARY

AI Automation Specialist with professional experience across finance operations, e-commerce, and digital commerce. Background includes Order-to-Cash and Cash Application at Accenture, Accounts Payable and payroll, three-plus years managing an online retail business, and current affiliate marketing and livestream commerce. Combines practical business-process knowledge with n8n automation, GoHighLevel (GHL) CRM/lead automation, APIs/webhooks, and AI-assisted workflow development, demonstrated through automation portfolio projects based on real operational processes.

CORE SKILLS

Automation & AI: n8n workflow automation, GoHighLevel (GHL) CRM & pipeline automation, AI-assisted workflow development, process automation, APIs & webhooks, Google Gemini API, ChatGPT, Claude, Google Sheets automation, RAG concepts

Data & Technical Tools: Supabase/PostgreSQL basics, relational database concepts, Metabase reporting basics, Git/GitHub basics, Vercel deployment basics, Next.js basics

Finance Operations: Order-to-Cash (O2C), Cash Application, Accounts Payable/Receivable, payroll processing, reconciliation, financial recordkeeping, SAP (user level), Xero

E-Commerce & Business Operations: Shopee, Lazada, Shopify, affiliate marketing, livestream commerce, procurement, supplier coordination, inventory management, order fulfillment, process improvement

PROFESSIONAL EXPERIENCE

Affiliate Marketing & Livestream Specialist | Self-Employed

October 2023 – Present

- Manage affiliate marketing and livestream commerce activities, primarily through Shopee livestreams, with supporting content across TikTok, Facebook, and YouTube.
- Handle product selection and promotion, livestream execution, content coordination, customer engagement, and day-to-day affiliate activities.
- Track product, content, and campaign performance to identify stronger-performing offers and refine promotional decisions.
- Apply hands-on e-commerce knowledge to evaluate repetitive operational and content processes that can potentially be streamlined through automation.

Founder & E-Commerce Operations Manager | Self-Employed

March 2020 – December 2023

- Managed end-to-end day-to-day operations of an online K-pop merchandise business across Shopee, Lazada, and Shopify, including procurement, pricing, inventory across multiple sales channels, customer service, order processing, and fulfillment.
- Managed typical order volumes of 10–20 orders per day, with peak periods exceeding 100 orders per day.
- Coordinated international purchasing and supplier transactions, including product sourcing, purchase tracking, payments, and inventory receipt.
- Maintained sales, expense, inventory, purchasing, and supplier records to support financial tracking and daily business decisions.
- Gained direct experience with manual bottlenecks in order tracking, inventory management, payment follow-up, supplier transactions, and business reporting — processes that later informed automation portfolio projects.

Accounting Staff | Red Scentinial Corporation

July 2019 – December 2019

- Processed Accounts Payable transactions and maintained supporting documentation for supplier payments.
- Assisted with payroll computations and preparation of employee payroll records.
- Processed statutory remittances including SSS, PhilHealth, and Pag-IBIG using the BBS accounting system.

- Reviewed and organized sales invoices, delivery receipts, official receipts, and other supporting documents to maintain accurate financial records.
- Supported routine accounting and administrative processes requiring accuracy, documentation, and timely processing.

Business Process Delivery Associate — Order-to-Cash / Cash Application | Accenture

November 2017 – January 2019

- Performed Cash Application activities within the Order-to-Cash process using SAP-based systems.
- Processed customer payments and remittance information and applied payments to the appropriate customer accounts.
- Investigated payment discrepancies, unapplied transactions, and remittance issues to support accurate account reconciliation.
- Coordinated with LATAM Customer Service teams to resolve customer account and payment issues within established service-level requirements.
- Supported month-end activities and maintained accurate transaction processing under established SOPs and internal controls.
- Worked in a high-volume enterprise finance environment requiring accuracy, deadline management, and coordination across teams.

SELECTED AUTOMATION PROJECTS

Idol Fairies — Finance & E-Commerce Automation Portfolio Project

Self-Directed Demo Project | 2026

- Developed an integrated automation demo based on finance and e-commerce processes encountered through previous professional and business experience, using n8n workflows for areas including sales processing, inventory, receivables/payables, expenses, refunds, and customer support.
- Used n8n, APIs/webhooks, Gemini, Supabase/PostgreSQL, Google Sheets, Metabase, and AI-assisted development tools to build and iterate on the workflows and supporting system.
- Created the project to demonstrate how practical business-process knowledge can be translated into automation solutions; detailed workflow demonstrations, architecture, and project documentation are available at portfolio.workflowlab.site.

GoHighLevel (GHL) CRM & Lead Automation — Self-Directed Demo Projects

2026

- Built two GoHighLevel automation demos modeling real business use cases: a home-services lead-to-job pipeline (lead capture through quote visit, estimate, and job completion) and a clinic consultation-to-treatment pipeline (booking form through consultation and treatment conversion).
- Set up CRM pipelines, lead capture forms, and automated follow-up sequences using GHL, with AI-assisted development tools; case studies available at portfolio.workflowlab.site.

CERTIFICATIONS & TRAINING

- Xero Certified Associate — Level 1 | Xero | July 2026
- Microsoft Excel Automation Workshop | MST Connect | July 2026
- Introduction to Bookkeeping | TESDA | July 2026
